## About Balmers:

Join the crew of the oldest and most legendary private hostel in Switzerland! Our hostel is situated in three traditional Swiss wooden chalets that surround the Balmers Backyard. The look and feel of Balmers can best be described as playful, comfy and unique. Our nightclub is open 3 days a week from 10 pm until late.

Balmers is one of the largest hostels in Switzerland with private and shared dorm rooms that count up to more than 200 beds. We cater to active travellers and backpackers that are travelling overseas and are mostly between 18 and 30 years old. Balmers is not a family-friendly place as we do not allow anyone under the age of 18 to stay at our property.
